CHINESE MUST GO.

Geary Exclusion Law Declared Constitutional.

A SUPREME COURT DECISION.

The Opinion Announced by Justice Gray. The General Opinion Prevails at Washington That China Will Withdraw Her Legation and Proceed to the Work of Retaliation.

WASHINGTON, May 16.—The supreme court of the United States has affirmed the constitutionality of the Geary Chinese exclusion and registration act. The opinion was announced by Justice Gray, Justice Brewer dissenting. The announcement that a decision in the case was expected attracted a large attendance of spectators, and the fact that it was the last day of the term accounted for the presence of an unusually large array of attorneys within the bar, including Attorney General Olney, Solicitor General Aldrich, Senators Pugh, Dolph and Cockrell. Ex-Judge Strong and several members of the diplomatic corps were interested spectators.

Justice Gray said in announcing the judgment of the court that the power of this nation to restrict or prohibit the immigration of any aliens into the country or to require such aliens already in the country to remove herefrom, was a well settled principle of international law and was confirmed by an unbroken line of decisions in this court. The legislative power of the government had not transcended any of its constitutional limitations in the act under consideration. It was within its power to determine the regulations under which these aliens should be permitted to remain in the United States or failing to observe these regulations they should be required to leave the country.

The provisions of Section 6 of the act, which are the part of the law particularly at issue, were not inconsistent with the relations and duties of the legislative and judicial departments of the government. The mode of procedure set forth in the section is similar to that in other well established proceedings, such as the habeas corpus and naturalization, fixing the requirements of citizenship and the like, in which the judicial branch of the government accepted the determination of the executive upon the questions involved.

As to the requirements that the Chinese entitled to remain in this country should establish that right by the evidence of one creditable white witness, Justice Gray said that it was within the power of the legislature to determine the character of evidence that might be received in a case at law and what force should be given to the testimony so offered. Not discussing the wisdom nor the justice of the act in question, which was beyond the province of the judicial branch of the government it remained only to say that the judgment of the circuit court for the southern district of New York in refusing to grant writs of habeas corpus to the several petitioners was affirmed.

Mr. Justice Gray stated that it had been impossible in the brief time elapsed since the hearing of the argument upon the petitions to prepare in writing the opinion of the court. It would be filed as soon as it was possible.

At the conclusion of Justice Gray's opinion, Justice Brewer announced that he felt compelled to dissent from the view of the majority of the court. He read his views at some length, declaring in substance that the act of 1892 was unconstitutional and that if it were upheld there was no guarantee that similar treatment might not be accorded to other classes of our population than the Chinese.

Justice Field, who delivered the opinion of the supreme court of the United States in the first case under the exclusion act, also read a dissenting opinion. He said there was a wide difference between exclusion of immigrants and the deportation of alien residents, and he characterized the act in the strongest language as inhuman and brutal, and as violative of the constitution in every section. He regretted to say that the decision of the court was, to his mind, fraught with the gravest dangers to the priceless constitutional liberties of the people.

After the court had concluded the announcement of opinions, Mr. J. Hubley Ashton of the counsel for the Chinese moved for a rehearing of the case and an argument before a full bench at the next term. The court took a short recess to consider the motion. After the recess the court denied the motion for a rehearing, so the opinion stands as announced.

The suspension of the law was advised until the court could give its decision and as yet no official report has been received at the department of the court's action.

The general impression here, however, is that the Chinese government will take immediate steps for retaliation and that, one of the first things will be the withdrawal of the Chinese legation from this city. The Chinese government has been awaiting this decision. Although rumors have been abroad of the appointment of the new minister, no move has been made lately for his arrival here. The lease of the present legation building expires in a few months and no other residence has been secured nor has the present lease been renewed. In fact, Senator Stewart of Nevada, who owns the building, contemplates occupying it next fall.

No orders have been issued at the treasury department as to the deporting of Chinese under the Geary act. The instructions under which collectors of internal revenue and United States marshals are now operating direct them

to make no arrests of unregistered Chinese until further orders. These orders may be given at once after the cabinet meeting or deferred for a longer period. Secretary Carlisle, soon after he heard of the decision of the supreme court, went to the executive mansion and had a conference with the president on the subject. He remained for an hour or more.

Attorney General Olney said until the line of action to be pursued by our government was mapped out he could say nothing on the subject, except that the department of justice had no money available for deporting Chinese.

Conservative estimates place the amount necessary to deport the unregistered Chinese at \$3,000,000.

The suggestion is made in official circles here that Chinese unregistered may now go to the courts and asked to be allowed to register and remain in this country. On this point Solicitor General Aldrich said: "An analysis of the law shows that.

"First—The failure to have a certificate after the expiration of a year puts the burden of proof upon the Chinese resident laborer.

"Second—The judge before whom such laborer is brought is to try primarily the question of the fact of possession of a certificate—that is, whether the person before him has complied with law enjoining duty upon him.

"Third—If he has not complied with such law it is made the duty of such judge to order his deportation unless.

"He establishes clearly to the satisfaction of said judge that by reason of accident, sickness or other unavoidable cause he has been unable to procure his certificate; or unless.

"He establishes clearly to the satisfaction of the court, and by at least one credible white witness, that he was a resident of the United States at the time of the passage of the act.

"If upon the hearing it shall appear that he is so entitled to a certificate, it shall be granted upon his paying the cost."

At the Chinese legation the Chinese minister courteously declined to express any opinion upon the decision of the court, or to give any intimation as to the course his government might deem proper to adopt under the circumstances. He especially declined to say anything upon the alleged retaliatory policy of ordering the expulsion of Americans from China referred to in a recent San Francisco dispatch.

Mr. H. J. Moy, counselor to the Chinese legation, said the contest against the law would doubtless be transferred to congress when it meets in the fall. Under present conditions, it will be impossible for the officials to execute the law literally, because there is practically no money with which to carry its provisions into effect. Mr. Moy called attention to the fact that when an effort was made to secure the insertion of an item of \$500,000 in the appropriation bills for the purpose of enabling the executive authorities to carry out the provisions of the law, Mr. Holman antagonized and defeated it.

The consequence was that congress appropriated only \$70,000, the sum heretofore annually provided with which to deport Chinese, who might unlawfully secure entrance into the United States and be found out. It was an unfortunate and deplorable condition of affairs, he said, which threatened the existence of peaceful and peaceable relations of China and the United States, and left hundreds of natives of each country in the territory of the other, practically hostages for each other.

It is estimated that there are 110,000 Chinese in the United States. Reports from 34 districts show that 3,100 have registered. The 29 districts not yet heard from it is estimated will increase the number to 6,000.

During the present fiscal year 150 Chinese subjects have been deported. The cost of deportation from San Francisco is \$35 a head. Only \$16,896.03 of the appropriation for the enforcement of the Chinese law remains unexpended. This amount will go but a small way towards paying the expenses of deporting 104,000 Chinese who have not registered. It is not known at the treasury department that any other fund can be drawn upon to provide for the expense of carrying out the requirements of the law.

The intimations are heard that congress may be convened to consider the matter.

In any view of the case treasury officers expect to experience great difficulty in carrying out the mandate of the law that "the Chinese must go."

EXPLOSION IN A MINE.

One Man Killed and Several Others Badly Injured.

LINCOLN, Ill., May 16.—An explosion of coal gas occurred in the mines of the Lincoln Coal company by which three miners were instantly killed and three others seriously injured. The explosion occurred nearly two miles from the mouth of the shaft, and was caused by the carelessness of miners Michael Gleason and Henry Wilmoth, who laid aside the safety lamps furnished by the mine officials and used their own, which were not provided with safety appliances. The explosion shattered all the doors in the main entrance and tore down a great quantity of coal. Michael Gleason was caught under the falling mass of coal and instantly killed. He leaves a widow and three children. The injured are: Joseph Page, skull fractured; Henry Wilmoth and Mark Lyon, badly cut and bruised. Several others received slight injuries.

Fire in Pittsburg.

PITTSBURG, May 16.—Fire broke out in the third story of 99 Water street, owned and occupied by J. & C. McCune, grain and hay dealers. The third floor was filled with baled hay, which was totally destroyed. On the first and second second floors was stored large quantities of flour and grain, which was badly water-soaked

HUMAN PROGRESS.

World's Fair Series of Congresses Duly Inaugurated.

THE FIRST ONE HELD BY WOMEN

Hundreds of Noted People Present and Business Fairly Begun—Doings of the National Commission—Fair Officers Arrived.

CHICAGO, May 16.—The first of the series of world's congresses to be held during the world's fair, under the auspices of the world's congress auxiliary of the world's Columbian exposition, opened here and from now on until the last days of October prominent women and men from all parts of the world will gather in Chicago for the consideration and discussion of questions relating to human progress.

ENTRANCE TO GERMAN VILLAGE MIDWAY PLAISANCE.

The scope and breadth of that project are beyond anything ever before attempted. Twenty main conventions have already been arranged for, and these will be subdivided that a grand total of nearly 200 conferences, each distinct and separate from the other, will have taken place before the gates of the world's fair are closed to the world.

The scene of the congresses is the permanent memorial art palace, erected on the Lake Front park, through the co-operation of the Art Institute of Chicago, the city of Chicago and the directory of the world's fair. The cost of this structure, which was completed but a few days ago, reached a total of over \$600,000. It has two large audience rooms, each with a seating capacity of 2,000 or more, and some 25 smaller convention halls, each with a capacity of 300 to 700.

It is proposed that the meetings likely to draw a large, popular audience shall be held in the main audience rooms, and meetings of chapters or sections of the different congresses for the discussion of subjects of a more limited interest in the smaller rooms. It will thus be possible to have two general congresses and 20 special congresses or conferences in session at the same time, and to have three times as many meetings within a single day by arranging different programs for morning, afternoon and evening sessions. The two main halls are designated respectively the Hall of Washington and the Hall of Columbus.

Appropriately enough, it was reserved for the women to inaugurate the great series of world's fair congresses and to dedicate to the people the magnificent structure that is to stand as a permanent memorial of the Columbian exposition, and the main auditorium was filled to overflowing at the inaugural session.

Addresses of welcome were delivered by President C. C. Bonney, Mrs. May Wright Sewall, Mrs. Potter Palmer and Mrs. Charles Henrotin, and the participants then scattered themselves in the different halls and commenced the serious business of the week. Five sub-conventions were thus formally opened before noon in the following order: Philanthropy and charity, industry, religion, education, literature and art, science and philosophy, civil law and government, moral and social reform.

Fair Officers Arrived.

As a result of the attempt on the world's fair executive committee to exclude government officers from the grounds except on payment of the admission fee, the arrest of the world's fair officers was made. Captain W. L. Doremor, chief of the gatekeepers, and Gatekeeper H. Shueneman were brought before United States Commissioner Hoynes. The case was adjourned. The defendants were placed under arrest. The arrests were made under the federal statute, which makes any person interfering with a revenue officer in the discharge of his duty liable to a \$500 fine and imprisonment in the penitentiary for two years.

National Commission's Doings.

Notwithstanding that the national commission was reinforced by the arrival of several of its members in response to Saturday's telegrams, it was found impossible to get a quorum, and after an hour's business an adjournment was taken.

President Palmer's seat was occupied by Commissioner De Young of California, who will preside until Thursday, when Mr. Palmer will return from Detroit.

The report of the extortion on the fair grounds, which have been sent abroad and carried away by visitors are beginning to come back to the fair and the commission. These reports were justified by the extortion practiced in the restaurants and other places on the opening day, and are upheld to a certain extent by the developments since that time.

With a view to further examining

the concessions operating on the grounds and to refute the charges, if found untrue, which would certainly impair the attendance at the fair. Commissioner Tousey of Minnesota offered a resolution providing for a bureau of complaints for all nations, to be established in the grounds, to which will be referred all complaints of every nature, the committee being vested with power to investigate and adjust all claims.

The resolution was referred to the judiciary committee and its report on the matter will be sent by circular letter to all parts of the country and the establishment of the bureau at once announced.

It being evident that a quorum could not be obtained the commission adjourned.

At the next session the Sunday opening and music question will be taken up.

SULLIVAN, THE SLUGGER.

A Warrant Issued For His Arrest For Assault and Battery.

BIDDEFORD, Me., May 16.—A warrant for assault and battery has been issued from the Biddeford court and given to a deputy sheriff to serve on John L. Sullivan upon his arrival in Portland. The assault was committed on the Pullman train Sunday night, on which Sullivan and Lawyer Max L. Lizotte of this city were passengers. Lawyer Lizotte reached in front of the champion to shake hands with John Sheehan, a member of the Sullivan party, with whom Lizotte was acquainted. As he did so, Sullivan gave him a kick in the groin, which sent the lawyer across the car.

Lizotte is a powerful man, though he has only one arm, and he rallied and went at Sullivan, clinching him and turning him over a car seat. They were separated, but hardly parted before another member of the Sullivan party struck Lizotte in the face, cutting his lips and making his nose bleed. Sullivan took advantage of the situation and choked the lawyer, leaving his finger marks upon his throat. They were finally separated.

Lawyer Lizotte says he shall have Sullivan bound over to the grand jury, which is in session here. He will be brought here for trial.

ANN ARBOR CASES.

Chief Arthur Files His Answer to the Railroad Suit.

TOLEDO, May 16.—In the United States supreme court Chief Arthur of the Brotherhood of Locomotive Engineers has filed his answer to the petition of the Ann Arbor Railroad company in the \$300,000 damage suit. Mr. Arthur acknowledges that the Ann Arbor is a railroad company, also that it is a common carrier, and admits lots of other things that have little if any bearing on the case. The only thing of importance that he does admit is the existence of the boycott rule of the brotherhood, which is given in full.

Mr. Arthur's frankness in acknowledging the rule is supposed to be due to the fact that his attorneys have found out that the rule pertained to the brotherhood and not Mr. Arthur. The answer says that of the injunctions of the court mentioned in the petition, he knows nothing, as he was not served. Each and every allegation in the petition is denied and Mr. Arthur asks that he be dismissed with his costs.

SECRETARY CARLISLE'S DOINGS

Two Offices Filled and Several Resignations Asked For.

WASHINGTON, May 16.—Secretary Carlisle has made the following appointments: M. F. Eggerman of Ohio to be chief of division in the sixth auditor's office. To be superintendent of construction of public buildings, Henry Ascelline at Ashland, Wis.

The resignation of chiefs of divisions were called for as follows: S. G. Brock, Missouri, of the bureau of statistics; and the following in the sixth auditor's office: E. S. Rockwell, New York; Giles W. Smith, Maryland, and D. N. Benbank, New York.

DURHAM'S FOLLY.

LIMA, O., May 16.—Early in the morning Mrs. Simmons, aged and helpless from rheumatism, was awakened by robbers, who held revolvers at her head and tried to force her to give them the combination of a safe in the room, which belongs to her son, with whom she lives. She refused, as she did not know the combination. They secured about \$50 and drove away in a vehicle which was in waiting. The safe contained a large sum of money, which they had hoped to secure.

Settled With Hurt Passengers.

LAFAYETTE, Ind., May 16.—The Big Four railroad has settled with the passengers hurt here as follows: William Peace of Frankfort, \$100; Jefferson Peace of Kempton, \$60; Richard Jones of Pontiac, Ill., \$100; Louis Lefler of Fowler, \$50; Charles Roush of Lafayette, \$300; Amos Hodge of Smithfield, \$50; William Stinson of Smithfield, \$10.

Child Fatally Burned.

MIAMI, O., May 16.—A bottle of stove polish, containing turpentine, in the hands of little Pearl Kline, 2, became ignited from too close contact with a hot stove and so horribly burned her that she can not possibly recover.

Terrific Hailstorm.

WAPAKONETA, O., May 16.—A terrific hail and rainstorm passed over this city. It was the worst ever seen here, doing thousands of dollars damage to wheat and fruit. The hail covered the grounds to the depth of three inches.

Probable Murder.

PORTSMOUTH, O., May 16.—The body of a man with a bullet hole in the left breast was found in the river here. It is supposed to be Alex Campbell of Lexington, Ky. He was probably murdered.

MADE ASSIGNMENTS.

Several Big Concerns Close Up Their Doors.

MINNEAPOLIS FIRM GOES UNDER

The Eastern Branch of the Northwestern Guaranty Loan Company Closes Its Doors—Eight Millions of Commercial Paper Involved—Two More Big Concerns in Australia Fail—Other Failures.

TROY, N. Y., May 16.—Neather and Carpenter, eastern managers for the Northwestern Guaranty company of Minneapolis, have made a general assignment and closed their doors.

Two million dollars of \$16,000,000 worth of debenture bonds, recently issued by the Northwestern Guaranty Loan company, has been disposed of to people in this vicinity through eastern managers.

Talk With the Vice President.

NEW YORK, May 16.—Thomas Lowry, vice president of the company, who is stopping at the Fifth Avenue hotel in this city, says: "The company is about 10 years old, and has a capital stock of \$1,125,000.

"For several years the company has attempted to float commercial paper. It took collateral sufficient to cover the paper, and then guaranteed the payment of the paper. All told it now holds \$3,000,000 of this commercial paper.

"The stringency in the home market has made it impossible for our customers to take up or renew their notes, and unfortunately we can not realize on the collateral. The losses of our company will fall upon the stockholders."

The Home Firm Embarrassed.

MINNEAPOLIS, May 10.—The Northwestern Guaranty Loan company is in an embarrassed condition owing to the financial stringency. The statement of Vice President Thomas Lowry in New York was shown to L. F. Menage, president of the company. He admitted that it was a fair statement of the condition of affairs, but absolutely declined to talk further or add anything to it. "The company has suspended," he said, "and I don't care to make any statement that I might have to contradict hereafter."

The company owns the \$2,000,000 building in which its offices are located and holds as collateral in fee simple a large amount of real property here, in Chicago and elsewhere. Its business has been the floating of commercial paper on sufficient collateral and the guaranteeing of the paper. It has some three millions of this paper and the refusal of its patrons to take up or renew their notes has precipitated the trouble.

It is believed in business circles here that ultimately the company will pay in full, as its assets are ample under ordinary circumstances.

BIG FAILURES IN AUSTRALIA.

Two Big Banks Suspend Involving Millions of Dollars.

BRISBANE, May 16.—The bank of North Queensland, limited, has suspended.

The Queensland National bank has also suspended. The deposits in the Queensland National bank last December amounted to £3,500,000, of which amount about one-half will be from Great Britain.

The subscribed capital of the Queensland National bank is £16,000,000, of which one-half is paid up. The bank claimed a reserve fund of £485,000. The general manager in Brisbane is Edward Robert Drury. The bank has a branch in Sydney, N. S. W., and at various other places in Australia.

Run on a Bank.

MINNEAPOLIS, May 16.—A run is being made on the Farmers' and Mechanics' savings bank. The bank is one of the most prosperous and solid in the state, and no fears are entertained for its safety. The officers have \$800,000 in cash in the vaults and \$2,000,000 more in easily convertible bonds on the market quoted at premiums. The same bank had a run six years ago and withstood it well. It has now over 22,000 depositors.

Assignment in Denver.

DENVER, May 16.—William B. Mygatt, the well known banker and business man, has made an assignment to James F. Hopkins. He places his assets at \$591,860 and his liabilities at \$507,889.35. The liabilities consist of notes given chiefly to different parties in the east. No preference is made to anybody in the assignment, and no reason is given, and Mygatt says he will pay dollar for dollar.

Resuming Again.

CHICAGO, May 16.—At a meeting of the board of directors of the Columbian National bank it was unanimously resolved to resume business at an early date, and committees were appointed to perfect a plan outlined and to immediately carry into effect the course determined upon.

One in Chicago.

CHICAGO, May 16.—Charles H. Ferry has filed a bill in the superior court asking that a receiver be appointed for the Chicago Wire Spring company and that its affairs be wound up.

Temporary Receiver Appointed.

SIOUX CITY, Ia., May 16.—Upon application of A. F. Nash, one of the stockholders, Judge Gaynor has appointed James E. Peavy temporary receiver of the Sioux City Street Railway company.

Canadian Firm Goes Under.

TORONTO, May 16.—The Ontario Coal company has assigned. The Molson bank is the principal creditor.

WEATHER INDICATIONS.

Showers, winds becoming northwesterly.

CINCINNATI'S new City Hall is a magnificent structure, and is an honor to the Queen City. It cost all told over \$1,500,000, and shows that the progressive element is in control down there.

THE good people of Louisville must be long-suffering. The Times charged City Clerk Miller some time ago with accepting bribes to suppress warrants against the gamblers, and although he hasn't made a single denial yet, no steps have been taken to oust him from the office. The Times now proposes to give all the facts in the case, and if its charges are true there ought to be a lively shaking up in the vicinity of the Clerk's office. It is to be hoped Brother Logan will succeed in forcing the authorities to do their plain duty.

THE Bureau of Statistics, in a report to the Treasury Department, gives a comparative statement of the value of the exports of breadstuffs as follows: For the month ended April 30, 1893, \$12,621,155, a decrease of \$6,500,000 from the corresponding period of 1892; for the four months ended April 30 last, \$53,028,335, a decrease of \$14,000,000 from the same period of last year; for the ten months ended April 30 last, \$157,653,913, a decrease of \$95,000,000 from the corresponding period of 1892.

At this rate it won't be a great while until our exports of breadstuffs will have dwindled down to almost nothing. Where are the markets the McKinley bill was to secure for the producers of this country?

THE CHICAGO ARGUMENT.

Chicago and Chicagoans own \$3 in the World's Fair to every one invested by the United States Government. Let Chicago capital, corporation and individual, unite and open the fair Sundays in spite of the Government and its fanatic controllers. In the language of finance "gescheit ist gescheit," and what's the use of controlling the stock if you can't boss the plant?—Chicago Times.

This explains the whole scheme of the open-on-Sunday crowd. It's simply a question of money-getting with them. That's all they are after. They are not satisfied with robbing people six days in the week—they want to keep at it week in and week out. If they are determined to violate the pledges made to secure the \$2,000,000 from the Government and also to violate the laws of the land, by opening on Sundays, they should be compelled to return the funds they got from Uncle Sam, and then the fair should be known only as the "Chicago show"—it will show the sentiment of the Chicagoese only on this Sunday question, not the sentiment of the world.

The Legislature.

The bill regulating the State Colored Normal School was passed without much debate.

The bill making it a misdemeanor to convey an uncaged bear along a public highway was also passed.

Several bills of more or less importance were advanced and made special orders, among them the bill on Executions, which was set for Thursday. To this bill Mr. Quigley offered several important amendments to exempt wages and property of laboring people. Forty dollars for each member of the family is exempted, except for house rent, food or clothing.

FOR THE FARMER.

The Kentucky Agricultural Experiment Station has issued bulletin No. 45 giving the result of experiments with fertilizers in the cultivation of corn, potatoes and tobacco. Results obtained in 1892 are almost identical with those of the last four years, that is:

First—Wherever potash was one of the ingredients of the fertilizer used, whether on corn, tobacco or potatoes, there was an increased yield.

Second—That where phosphoric acid or nitrogen or both were used without potash, there was scarcely any increase in yield over those plots receiving no fertilizer.

Third—That there was a profit in the use of fertilizer in every instance where potash was one of the ingredients.

Fourth—That there was a loss by the use of fertilizer where potash was not one of the ingredients, except in the tobacco experiments.

Fifth—That potash fertilizer applied on corn has shown its effect for four seasons after the application.

CINCINNATI TOBACCO MARKET.

Furnished by the Cincinnati Leaf Tobacco Warehouse Company.

About the same conditions which we reported in our last circular were prevalent during the past week. Sales were probably the lightest during the year, but this fact did not seem to stimulate the bidding to any extent, and the market remained nearly even throughout the week and closed firm. Trashes and lugs of the new were active at unchanged figures, and the same may be said of red tips, though the bidding was perhaps not quite as spirited as we last quoted it. Common and medium new leaf received ready attention by the buyers, and also the little good leaf which was offered, 16 to 17 cents being about the maximum on these latter grades.

There was hardly any old tobacco offered during the week, but the small quantities on sale met with about the animation on the part of the trade which the quality merited; 19 cents was the highest price.

The offerings during the week were 1,032 hhds; rejections, 333 hhds; actual sales, 699 hhds; receipts, 1,171 hhds.

Sales for this week will be as follows: First, Morris; second, Miami; third, Glohe, fifth, lodmanu; seventh, Cincinnati; eighth, Walker.

LOUISVILLE TOBACCO MARKET.

Furnished by Glover & Durrett, Louisville Tobacco Warehouse.

Sales on our market for the week just closed amount to 2,436 hhds, with receipts for the same period of 2,455 hhds. Sales on our market since January 1st, amount to 61,699 hhds. Sales of the crop of 1892 on our market to this date amount to 68,782 hhds.

Our market this week has shown rather an increased demand for low grade burley offerings and prices for such are rather easy; but for the medium to good grades there is no weakening. The recent weather conditions will likely cause the first setting of the crop to be rather later than usual.

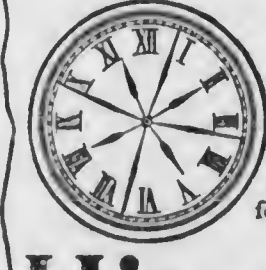

The following quotations fairly represent our market for new burley tobacco (1892 crop):
Trash (dark) or damaged tobacco, 3 1/2
Common color trash, 4 1/2
Medium to good color trash, 6 00
Common lugs, no color, 4 00
Common color lugs, 6 00
Medium to good color lugs, 8 00
Common to medium leaf, 8 50
Medium to good leaf, 13 00
Good to fine leaf, 15 00
Select or wrappy tobacco, 20 00

COURT OF CLAIMS.

Summary of Reports Showing Fiscal Transactions of the County.

List of Accounts Allowed and Other Business Transacted at Yesterday's Session.

The Mason County Court of Claims reconvened yesterday, with Judge Phister presiding and County Attorney Newell and all the Justices present except Squire John E. Wells.

County Clerk Pearce presented a report of his settlement with John W. Alexander, ex-Sheriff, for the county levy for 1892. Ordered filed. The following recapitulation shows the net amount of taxes:

Maysville and Big Sandy R. R. fund.....	\$ 1,956 76
School fund.....	15,516 56
Deficit claims fund.....	7,639 02
Infirmary fund.....	3,966 80
White and colored tubs.....	2,940 78
Turnpike and bridge fund.....	13,331 13
Total.....	\$45,361 05

County Treasurer Ben D. Parry presented his annual reports, as Treasurer of the turnpike and bridge fund, general claims fund, infirmary fund and M. and B. S. Railroad fund. Following is a summary of said reports: Turnpike and bridge fund—Total receipts, \$15,087.16; expenditures, \$1,964.80; balance on hand, \$13,122.36. M. and B. S. Railroad fund—Total receipts, \$14,003.95; expenditures, \$3,015; balance, \$988.95. Infirmary fund—Total receipts, \$3,966.80; expenditures, \$3,966.80. General claims fund—Total receipts, \$7,897.65; expenditures, \$3,213.74; balance, \$4,683.91.

The committee appointed to prepare resolutions in memory of the late Hon. W. H. Wadsworth presented its report, which was adopted.

Ex-Sheriff Alexander produced his receipts from the Treasurer of the various county funds for taxes collected for year 1892, which were read and ordered filed as his receipts.

Squires Luttrell, Mannen and Wood were appointed a committee to examine the accounts of Ben D. Parry, Treasurer of the various funds. The committee afterwards reported that the accounts were correct in every item and that proper vouchers were produced for all expenditures.

Squires Weaver, Owens and Raymond were appointed a committee to examine and report as to the expediency of the court appropriating money to build a bridge over Beasley Creek, in Maysville precinct No. 2.

Squires Pickett and Alexander and County Attorney Newell were appointed a committee to audit the claims filed against the county.

An invitation of Superintendent Ryan of the County Infirmary to take dinner with him to-day was accepted by the court.

Ben D. Parry tendered his resignation as County Treasurer, which was accepted, and Squires Weaver, Luttrell and Grant were appointed a committee to draft suitable resolutions.

Squire Weaver wanted the order allowing A. F. Curran, of the Dover news, \$14 for publishing the list of claims last year rescinded, but his motion was tabled.

HELP the Washington Fire Company by attending the entertainment at the opera house to-night, to-morrow night and Thursday night. "A Woman's Devotion" is a most interesting comedy-drama and will be presented by some of the best talent in this city.

MABEL PAIGE gave a faultless presentation of the character she represented and was greeted with round after round of applause. The company is a talented one; they give an excellent performance and are fully entitled to the liberal patronage they receive.—Gainesville (Fla.) Sun.

It is thought probable that the President will take up the consideration of the applications for the Internal Revenue Collectors in Kentucky this or next week. The Courier-Journal's Washington correspondent says Major Shelly will undoubtedly get the appointment in this district, according to the programme at present.

THE Democratic primary election in Bourbon County last Saturday resulted in the nomination of the following ticket: For Sheriff, Thomas Beeding; Judge, R. Mann; Clerk, E. P. Paton; Attorney, Clifton Arnsperger; School Commissioner, Miss Kate Edgar; Surveyor, B. F. Bedford, Jr.; Representative, E. M. Dickson; Jailor, J. L. Ashbrook; Assessor, W. H. Whaley.

OWENSDORO has forty-six full-fledged saloons and five wine and beer saloons. The forty-six pay \$200 apiece each year for license. The wine and beer pay \$60 each. There are five wholesale beer dealers, seven wholesale whisky dealers, two druggists and five merchants who pay \$25 each for the privilege of selling whisky. The entire revenue of the city from licenses to vend intoxicants is \$90,975 a year.

AN OLD STORY.

Many Maysvillians Expected to Get Something for Nothing, But They Got Left

There are many persons in this city who have every reason to believe they have been swindled by The Imperial Art Studio, of 405 East Broadway, Louisville, R. Stein proprietor.

Some months ago their advertising agent, C. Knapp, visited Maysville and sold a great many tickets at 50 cents each that entitled the purchaser to one unframed crayon portrait bust positively free of charge, the same as the house charged \$12 for without ticket. The ticket with picture had to be forwarded to the studio within two weeks from endorsement on back.

Many good citizens cheerfully gave up 50 cents for the tickets, thinking they would thereby procure a \$12 crayon portrait. None of the orders have been filled, though many months have passed away since Knapp took them, nor can the good people get back their original picture. The Louisville house has had ample time to make and return the portraits, and the general conclusion is that the studio exists only on tickets.

The purchasers would gladly lose the 50 cents paid Knapp, if they could get back the family picture sent.

The local correspondent of the Covington Commonwealth sends the above to his paper. The slick duck referred to is probably the individual overhauled here some months ago for peddling soap without a license. His scheme was a rather gauzy one, but a number of people bit at it. To each purchaser of 50 cents worth of soap he was selling, the house he represented would send an enlarged picture costing \$12. Each person was given a certificate, and the swindler soon had a valise full of photographs. Some of the best people of the city bit at the scheme, but the swindler was overhauled and fined. He acknowledged at the time that the scheme was a "fake."

Academy of St. Francis de Sales.

Misses N. Bowden, M. Bayless, K. Underwood, C. O'Connor, B. Neider, J. Theis and M. Burgess, who have received each month 100 per cent. in music, gave a private recital last Saturday afternoon in the academy hall, the recital being a test for special premiums this session and a silver medal to be awarded next year. Each number of the programme showed evident improvement. Little Bessie Hunter gave a selection on the mandolin at the close. The principal numbers of the programme were as follows: Symphony in F.....Beethoven Song, without words.....Thine Miss Mary Bayless, Piano. Hymn of Praise.....Mendelssohn Gavotte.....Weigand Miss Nellie Bowden, Piano. Sonate.....Clementine Valse Caprice.....Von Wilson Mazurka.....Gouldard Miss Kate Underwood, Piano. COUNTY SUPERINTENDENT OF SCHOOLS G. W. BLATTERMAN leaves this afternoon for Macon, Ga., to attend the annual session of the Southern Presbyterian General Assembly. He will be absent for about ten days. Rev. F. P. Ramsay, of Augusta, is the other representative from Ebenezer Presbytery.

THE Washington Fire Company is ever ready to save your property from destruction, and the citizens of Maysville should show their appreciation of the company's services by attending the benefit entertainment at the opera house this week commencing to-night. "A Woman's Devotion" will be the attraction.

IN the Nicholas Circuit Court last Saturday the breach of promise suit of Gertrude Swartz's administrator against Charles W. Ball resulted in a verdict for \$5,000 for plaintiff. Miss Swartz died in January, leaving twin children. Ball was the author of her ruin, and refused to make reparation for the wrongs he had done. The suit was for \$10,000, and the jury gave a verdict for \$5,000.

AMERICAN RIGHTS IGNORED.

United States of Colombia Will Be Called on to Explain.

NEW YORK, May 16.—The cargo of the Norwegian steamer Antonio Zambrana, consisting of about \$2,000 worth of coal and rosin which she took on at Philadelphia on Dec. 29, carried to the United States of Colombia, and finally brought back to New York, has just been entered at the custom house by the vessel's local agents.

The ship sailed for South America with clearance papers for Baranquilla, on the Magdalena river, but not finding the stream navigable to that place, made an effort to land her cargo at Port Colombia, 20 miles to the westward. This she was not allowed to do by the authorities there, and after having lost her captain and four of the crew by drowning, and the first mate, Stubbs, having been arrested and imprisoned, she slipped her cable and left the scene of difficulty without formalities.

Serious trouble may grow out of the occurrence and the federal authorities are said to be waiting for more definite data than they now have before bringing the matter as an official complaint to the notice of the South American republic, whose officers gave the ship so much trouble. That she is a Norwegian vessel makes no difference in this case, as she was under an American charter.

Captain Krough, who was sent from here to bring the Antonio Zambrana home when news was received in February that she could not discharge her cargo, in relating the incidents that occurred, said that Captain Boe, with four sailors, a native pilot and an underwriter's agent were drowned before he got to the ship, while attempting to sound the Magdalena river.

After Captain Krough took command a body of soldiers came aboard one day and uncoupled and carried away the eccentric rods from the engine, and soon after the ship was subjected to periodical visits from custom officers, who urged the attempt to make Baranquilla. A body of soldiers came on board and arrested First Mate Stubbs. They put him into a cell in Port Colombia prison and kept him there for four days. When the American consul learned of the case he demanded the man's release, and Stubbs was allowed to return to the ship.

The collector of the port imposed a fine of \$2,000 on the ship for not going to Baranquilla, but the captain declined to pay it. In the meantime the matter had been made known to the president of the republic, who sent word to Port Colombia that the vessel should be released. Captain Krough secured his eccentric rods. As soon as this was accomplished he cut the anchor cables and steamed down the river without paying the fine.

MICHIGAN MINE DISASTER.

Bodies of the Unfortunate Victims Brought to the Surface.

CALUMET, Mich., May 16.—The relief party of 80 men who went down through an inclined shaft over a mile away and connected with the Red Jacket shaft by a long drift of tunnel, gathered up the fragments of the bodies of the unfortunate men who were precipitated to the bottom of the shaft.

The cause of the accident was defective machinery, the fault being with the finger on the indicator, which shows the engineer the position of the bucket in the shaft. It had slipped and the engineer thought he had several hundred feet further to hoist. The coroner is holding an inquest.

BROOKLYN HANDICAP.

Diablo Wins the Great Race at Gravesend.

NEW YORK, May 16.—Diablo, the aged sire of Eolas and Grace Darling, won the rich Brooklyn handicap at Gravesend in the presence of 30,000 persons. Lamplighter, the favorite, went to the post carrying a ton of money, was second, and Leonawell third. The winner's time was 2:09, made fractionally as follows: Quarter, 0:25 1-2; half, 0:51; three-quarters, 1:14; mile, 1:42 1-2, mile and a quarter, 2:09.

This Brooklyn handicap was the seventh in the history of the event and was guaranteed to be worth \$25,000; of this sum the winner gets \$18,000, the second horse \$5,000, and the third \$2,000.

Killed by a Train.

RICHMOND, Ind., May 16.—Joseph Emphy, an inmate of the county poor asylum, was struck by a train while he was walking across a bridge and instantly killed.

CONDENSED NEWS.

Short Items From Various Parts of the Country.

Godfrey & Clark, paper manufacturers of Pittsburgh, have made an assignment. Robert F. Rooney, Jr., of Tennessee, has been appointed examiner of Chippewa Indian lands.

The Infanta Eulalia, aunt of the boy king of Spain, has sailed from Havana for New York. She will reach that city on the 19th.

The total number of fourth class postmasters appointed Monday was 109, of which 83 were to fill vacancies caused by resignations and deaths.

Two warships of the most improved pattern are to be purchased by the Mexican government, and the navy is to be otherwise improved and increased.

William E. Curtis, director of the bureau of the American republics, has tendered his resignation in accordance with a request made by President Cleveland last Saturday.

Resignations in the general land office have been accepted as follows: Henry H. Haines of Ohio, receiving clerk, and M. F. Odonough of California, acting chief of mineral division.

Peter Humbach, the watchman in charge of the new Methodist church at Scranton, Pa., which was burned a year ago, has confessed to starting the fire. The building cost \$175,000.

The officers of the American Sabbath union, which claims to represent 20,000,000 Christians, have telegraphed to President Cleveland requesting him to take steps to prevent the proposed opening of the world's fair on Sunday.

Death of Mrs. Amanda Tureman.

Mrs. Amanda Tureman, whose critical illness was mentioned last week, died late yesterday afternoon at her home in Cincinnati. Deceased was the widow of Henry Tureman, and was a resident of Maysville for a long time. She was about eighty-two years old, and leaves five daughters and two sons.

The remains will be brought to this city to-morrow morning for interment.

Public Meeting.

Another public meeting in the interest of the tobacco factory project will be held at the Council Chamber this evening at 7:30 o'clock. The committee to solicit subscriptions to the stock of the enterprise have secured over \$10,000. All interested should be on hand, and every one who has the welfare of the city at heart is urged to be present.

MR. JAMES FITCH died this morning at Flemingsburg, aged eighty-six years. He leaves five children, among them Mrs. John Farley, of this city, and Mrs. T. J. Hinton, of Flemingsburg. The remains will be interred at Fitch's Chapel, Fleming County.

THE Mason County Building and Saving Association has opened books for subscription to the fifteenth series of stock. Call on M. C. Russell, Secretary, or R. K. Hoedlich, Treasurer.

MR. J. M. C. BALLENGER rested well last night and was somewhat better this morning.

KNOWLEDGE

Brings comfort and improvement and tends to personal enjoyment when rightly used. The many, who live better than others and enjoy life more, with less expenditure, by more promptly adapting the world's best products to the needs of physical being, will attest the value to health of the pure liquid laxative principles embraced in the remedy, Syrup of Figs.

Its excellence is due to its presenting in the form most acceptable and pleasant to the taste, the refreshing and truly beneficial properties of a perfect laxative; effectually cleansing the system, dispelling colds, headaches and fevers and permanently curing constipation. It has given satisfaction to millions and met with the approval of the medical profession, because it acts on the Kidneys, Liver and Bowels without weakening them and it is perfectly free from every objectionable substance.

Syrup of Figs is for sale by all druggists in 50c and \$1 bottles, but it is manufactured by the California Fig Syrup Co. only, whose name is printed on every package, also the name, Syrup of Figs, and being well informed, you will not accept any substitute if offered.

Complete Manhood and how to attain it.

At last a medical work that tells the causes, describes the effects, points the remedy. This is scientifically the most valuable, artistically the most beautiful, medical book that has appeared for years; 66 pages, every page bearing a half-tone illustration in tints. Some of the subjects treated are Nervous Debility, Impotency, Sterility, Development, Varicocele, The Husband, Those intending Marriage, etc. Every man who would know the grand truths, the plain facts, the old secrets, and the new discoveries of medical science as applied to married life, who would atone for past follies and avoid future pitfalls, should write for this wonderful little book. It will be sent free, under seal. Address the publishers, Erie Medical Co., Buffalo, N. Y.

TUCKAHOE

Stock Farm!

PTOLEMY, 5179, full brother to Citizen, 2213, and Waymart, 2274. By Happy Medium 400, sire of the great Nancy Hanks, 204, Riley Medium, 2102, Maxey Cobb, 2134, and eighty-two others in the 230 list. \$25 to insure a living colt.

PTOLEMY'S first dam Patsy F., by Mambrino Patchen 58, the greatest brood mare sire that ever lived. He sired twenty-two trotters and the dams of seventy-two of the 230 list and the grand sire of over one hundred.

Happy Medium is unrivaled by any other sire of speed. There is no better bred horse on earth than Ptolemy. You cannot make a mistake in breeding to him. He has size—being 16 1/2 hands high—is a beautiful dark bay of fine style and action, and is as sound as a dollar. You are liable to get a race horse or bound to get a large, rangy roadster that always sells. His colts now yearlings are all bays, large and fine. Mares sent to him will secure the best of attention. I have plenty of grass, for which no charge will be made the first thirty days while breeding. In breeding to highly bred standard horses you are breeding in and improving your stock.

I also have a fine, large SPANISH JACK that is a sure foal. Gets large and fine colts. Terms \$10 to insure a living colt.
